

A Word from the Chairman of the Board

韓明元
Min-Yen Han, M.D. (1969)

The board of directors of NTUMCAA-NA proudly announced the opening of 32nd annual convention in Flushing, New York.

We are sorry and disappointed to cancel our 31st annual meeting in 2011 due to circumstances beyond our control. Please accept my sincere welcome and appreciation of your support, participation and attendance. Special thanks to Dr. Huang Ching-Huang and his planning committee for their hard work and dedication that make the convention possible. Congratulation for the job well done!

Special thanks also go to our guests of honor and our alumni who travel from Taiwan, Japan and Canada for taking a long trip from home to join us for this special occasion. Their dedication and support is greatly appreciated.

This year at the convention we will focus our discussion on the future and fate of our own association, since it is becoming more and more difficult to find any regional alumni to hold and sponsor our annual national meeting. We will also hold a separate panel discussion on the healthcare crisis in Taiwan and on the Obamacare in the States. We hope that by comparing the healthcare systems in two different countries, we may be able to come up with suggestions for the health administration in Taiwan on how this healthcare crisis might be addressed.

Please enjoy your stay in New York and have a safe trip home. For those who will join the post-convention cruise to Canada, please enjoy and experience the beauty and wonder of both worlds from different views.

Hope to have many more annual conventions for years to come and may God bless you and your family.
